## First

Don't panic!

2

2

## For project preparation

- Provide a more detailed budget
- Explain lump-sum funding principle to partners in case of coordination
- Plan work packages that end at mid-term of the project

3

3

## For grant preparation

- Be prepared: GAP can take longer than usual (precise explanations will be requested regarding budget)
- Keep track on how you built your budget

4

4

## For project implementation

- Free yourself from your real costs reflexes! Do not impose yourself or your partners stricter financial follow-up rules!
- Remember that you do not report costs to the EC but your spendings must be eligible
- Your consortium agreement must include lump-sum specificities
