

Digital tools for NCPs - how to make your webinars and online trainings more interactive

ON LINE TRAINING – 7 SEPTEMBER 2022

Training short description:

Would you like to make your webinars and online trainings more interactive and more entertaining, and keep participants engaged during your online events?

In this 2-hour webinar you will hear about and experience different easy-to-use tools for the various parts of a webinar/online training:

- The beginning – tools for “warm-up”- participants get to know each other
- The middle – tools for interaction and collaboration during the webinar
- The end – tools for closing and feedback

Participants:

Target group: Invited are all NCPs

Important: If you have participated in the identical webinar on Digital Tools in July 2021 (Bridge2HE) or September and October 2020 (NCP Academy, please do not register again!
