Meet & Exchange

Synergies: what's next?

13th November 2024

Hub.Brussels premises, Chaussée de Charleroi 110, 1060 Bruxelles
Ground floor – La Fabriek Room

Concept Note

The aim is to facilitate a discussion among participants who, in different ways, are connected to and influence the work of the NCPs, while exploring the topic of **synergies among network projects**.

Participants will have the opportunity to get to know each other better and exchange ideas in an informal setting.

APRE will present the work carried out on the **Synergy Mapping**, explaining the process of data collection through the first matrix developed, which allowed to map the synergies among the NCP network projects in all their aspects.

The results of the Synergy Mapping will be presented, highlighting how they have been integrated into the **Synergy Module**, a new feature of the NCP Portal, and explaining how this tool can be used to promote further collaborations among projects.

Following this, there will be a **collaborative brainstorming session** with an open discussion. The discussion will be guided by several key questions to stimulate debate on the next steps to be taken.

Target Audience: NCP Coordinators, NCP Project Coordinators, and WP/Task Synergy Leads.

Agenda

12.30-13.30	<i>Networking light lunch</i>
13.30	Welcome and Introduction – (FECYT; APRE)
13:45 – 14:30	Overview of the Synergy Mapping – (APRE)
